2023'S EXCLUSIVE KEYNOTES

- **Bertrand BADRÉ**, Associate and Founder of Blue like an Orange sustainable capital, former Managing Director of the World Bank
Keynote topic: Can we restore confidence through Finance... and Technology
- **Jessica IFKER DELPIROU**, Partner at Serena, former CEO of BforBank, ex PayPal, Made.com and Meetic
Keynote topic: The digital revolution in the banking sector as a challenge to customer experience and security
- In order to analyze **the new challenges in payment security**, such as the second Payment Services Directive (PSD2), the generalization of strong authentication and the challenges inherent in the evolution of the European payment ecosystem (data, money laundering, financing of terrorism, risk scoring, etc.), TRUSTECH hosted a debate moderated by **Andréa Toucinho**, Director of Studies, Prospective and Training at Partelya Consulting with the interventions of experts such as:
 - **Julien LASALLE**, Head of Cashless Payment Monitoring, **Banque de France**
 - **Bertrand PINEAU**, Managing Director, **Mercatel**
 - **Marie-Anne LIVI**, Director of Strategy and Market Relations, **Crédit Agricole Payment Service**
